Dear Family & Friends,

Here We go. If you don't like these emails, just be glad we don't send them all year.

We drove from Albuquerque to Gallup where we had lunch.

Emo's is mexican for E.Coli.

Then we went North on Route 491. Until recently it was Route 666. A certain group of people successfully lobbied DOT to change the number. Now the signs read "491 – former 666". I know God is pleased with His children.

Rewarded for driving through the desert, as always, with magnificence.

We're in Bluff tonight.

D&S
