Hi from Breckenridge. *Summer Vacation.*

We waited for the sun shopping in Aspen. These are our friends Cooky and Harry. While we're in Breckenridge they let us sleep in a spare bedroom and they cook us gourmet meals. They are good people.

Clarification: We *window* shopped.

Holes finally opened in the clouds. We went to to see the Maroon Bells at Maroon Lake. Any questions why to go to Colorado on vacation?

Independence pass. 12095 feet elevation. Temp 39F. Windchill minus 117.

Hope for warm.
