Hi. Today was mostly travel and laundry. Thought of some vacation tips:

Bring your own coffee. Tastes better. This is Roasterie's *Full Vengeance*. Makes your tongue numb and is so strong you'll want a breath mint after.

Bring laundry stuff. The vending machines in the laundromat:  
A) are out of what you want, or  
B) don't work, or  
C) only take Susan B. Anthony dollars.  
Save's a trip to the store. Of course this is dumb if you're flying.

Find a good campsite.

Eat somewhere with a view.
